BUSINESS EXPERIENCE

- 2019 - 2021** **ALBION CAPITAL, London, United Kingdom**
Over £1b AUM - Private Equity and Venture Capital
Investment Analyst
- Invested in renewable energy assets and data-driven energy start-ups as part of asset-backed and energy investment team
 - Spearheaded modelling of potential returns for a new £500m+ renewable energy fund investing into operational and pre-construction assets leveraged with project finance
 - Led a £3m CHP, solar and battery micro-grid development project at The Royal Mint – making it the “Greenest Mint Worldwide”
 - Created both data room and financial model and negotiated reserve account levels during re-financing and partial exit of a £100m renewables portfolio, achieving Albion’s highest carry
- 2019** **Intern (5 months)**
- Managed finances and operations of existing assets of a £100m renewable energy portfolio (i.e. budgeting, valuations, board reports, insurance) together with Finance Director
 - Procured and negotiated power price agreements during price spikes and uncovered contractual discrepancies leading to renegotiations of long-term contracts resulting in significant NAV uplift
 - Screened, modelled, communicated, and assisted during due diligence of multiple new investment opportunities
- 2018** **ROLAND BERGER, Dusseldorf, Germany**
Intern (3 months)
- Drove performance improvement project for a global automotive OEM with 500,000+ employees to achieve cost savings of 30% as part of Roland Berger’s automotive and restructuring teams
 - Developed financial improvement models for both overheads and indirect personnel whilst liaising and engaging directly with clients
 - Prepared and visualised qualitative and quantitative content of various top management presentations
- 2017** **NATIONAL AUDIT OFFICE, London, United Kingdom**
Intern (2 months)
- Constructed an in-depth economic market analysis of the British Higher Education market within Value for Money, Regulator, Consumer and Competition division
 - Ran econometric regression analyses on universities’ financial incentives and inclusion of students from disadvantaged backgrounds
